Topic	Discussion	Decisions/Actions to be Taken
Introductions/why are you part of the Coalition?	Each member introduced him or herself and spoke about why he/she is part of the Coalition and what role his/her organization plays in the Coalition.	
Digital Advertising Meeting w/Mike Morgan from ADK Broadcasting	Please join staff at 3:00 on May 9th at Adirondack Broadcasting on Everts Avenue in Queensbury if you are interested in hearing about what they can offer us for our digital media advertising.	
Parent University	Parent University Program Thursday, May 3rd at 6:00 pm at the SGF High School. 2nd annual Opioid Forum moderated by Assemblywoman Carrie Woerner. Panel of speakers. Tim Dawkins will be doing a Facebook Live stream from the event.	All Coalition members who can attend and spread the word
DEA Take-Back Day	This past Saturday was DEA Drug Take-back day. The Coalition held one at the Moreau EMS. Thanks to all who volunteered time. We took in 5 boxes of prescription medications in large and small amounts. James indicated that about 45 people dropped off medications.	
Social Host Ordinance	Shelly contacted Town Councilwoman Gina LeClair to follow up on what, if anything, has been done on local social host ordinance or laws. The Town/village does not currently have any social host restrictions. Social hosting is an adult providing alcohol to minors. The Coalition spoke to the Town Board about this a few years ago, but nothing was completed. Gina was going to speak to the Town's attorney. The Coalition may want to address this issue since the PNA (needs assessment) indicated that most students who get alcohol stated that they get it from older adults.	Shelly will continue to liaise with Gina LeClair

Topic	Discussion	Decisions/Actions to be Taken
Sub-Committee Updates PFS	James briefly updated the group on FACE and Super-power Your Parenting Initiatives	
Data Committee	Shelly invited anyone who is interested to the I Love Data Committee happening Thursday, May 3rd from 12-1 at the High School. Data from the most recent PNA is being reviewed.	
Sticker-Shock	Kara updated the group on the most recent sticker-shock campaign. Five (5) local stores participated in allowing Kara and students to put stickers on alcohol reminding people to not give alcohol to minors.	
Sustainability	We had a discussion about the need to think about how to keep the CCFW viable once the DFC funding is completed (ends in 9/18). We have applied for funding for another 5 years, but will not know whether or not we will get this funding until after the current funding runs out. The PFS grant is completed in 9/19. There is no second round of funding for that grant. We will be discussing this at our Annual Retreat. Donna and Bill will also be inviting their Development Directors to do a short piece on fundraising.	
Fundraising	There are 2 fundraising events already set – one on 5/8 at Little Caesar’s in SGF and one at the Texas Roadhouse in Queensbury. Go eat and tell all your friends so we get 10% of the proceeds. This will specifically help with after-prom expenses.	

Topic	Discussion	Decisions/Actions to be Taken
Retreat	<p>The Retreat is scheduled for Wednesday, August 8th at the Moreau Recreation (Harry Betar Park) park off Route 32. We will be meeting in Pavilion #2 by the Little League fields. Everyone please mark your calendars and bring a dish – let Shelly or Amy know what you are bringing by August 1st so we can coordinate having enough food. We will be outlining goals for the next year and discussing strategies for continuing coalition initiatives in the absence of funding.</p>	<p>August 8th 11-2 Moreau Recreation</p>
Open Discussion	<p>Justin suggested looking at different demographics of people we want to reach using quadrants to look for overlap of where we should be attempting to meet people and their needs. We will look at using this analysis at the Retreat when we do our Asset-Mapping exercise.</p> <p>Kelley suggested using the video at school events where parents are naturally gathered. Kristine will talk to Monica Lester (Communications at the schools) about having this all set for open houses in the fall. The hope is that this will educate people about the CCFW, let them know we exist, and perhaps generate some interest in joining.</p>	
Next Meeting:	<p>Next Meeting: 6/6/18 at Moreau Community Center</p>
